In progress ETA 2023
Bachelor of Software Engineering,
CENFOTEC

Dec 2021
Software Development Technician,
CENFOTEC

2018
MBA, ULACIT.
Honors: cum laude probatus.

2014
Bachelor degree in Chemistry, UCR.

certifications

ISTQB Foundation Level *In progress*
Scrum Fundamentals *Certified* id:887959

personal projects

PC Game & React landing page: Element Dungeon

RPG game inspired on 90s games, 3 heroes fighting to save their kingdom.
Visit elementdungeon.com
| Java | libGDX | SQLite | Firebase |

Website: Portfolio (link on QR code)

Provides professional information about me and presents a showcase of my work.
Take a look of some projects there.
| HTML | CSS | JavaScript | Three.js |

Website: DRIVO

Uber style webapp that let entrepreneurs rent their cars. Frontend is online, backend server is code ready but has not been deployed.
| ASP.NET MVC | C# | MS SQL Server | Postman |

Desktop APP: We run

Ever dreamed of running the entire Great Wall of China? Run on your local neighborhood, register your advance on international challenges.
| Java | JavaFX | MySQL |

career

Over +5 years as chemist on biggest pharmaceutical company of Costa Rica, software QA and key user on SAP implementation, quality coordinator on cosmetic company and University teacher. Now I use all that experience to write code and assure its quality. Contact me if you want to know more.

QA Engineer – Growth Acceleration Partners – Ago 2021 – present *relevant*
